The Bible is a huge book! There’s a lot to wrap your brain around if you want to take studying Scripture seriously. Is there a way the Bible can be summarized into a simple understandable statement? In today’s teaching Jesus did exactly that: he summarized the Bible into two commandments that should be in forefront of every believer’s mind. It all boils down to loving God and loving your fellow man. Today’s teaching will explain why this is so important as committed Christians build their church.
